

# Which is the most important in your life?

There are things in your life which seems to be very important to you, probably these things mean something to you and are worthy of consideration. But which is the most important in your life?

The most important is the eternal. The eternal is more than a feeling (because feelings can deceive, although they are very important.) The eternal is more than something that you can see with your eyes, because what you see will pass away like the day of yesterday passed away. But where can you find something which lasts for ever? You can find it where there is the Eternal Life. The Eternal Life is not fantasie, because fantasie can deceive also. The Eternal Life you can find where there is the Creator who has created everything and has given life to everyone.

God possesses the Eternal Life and He includes

people in Eternal Life. This is the most important thing in your life that you meet your Creator. He knows whom He has created and He knows you very personally, because He has given life to everyone. He has created this blue planet and He was born into this world in a person – the LORD JESUS CHRIST. JESUS is the way, He is the truth, and He is the true life, and there is no other way to God. He loves you and is looking for you already for a long time. He would like to live in your heart.

Now you are invited to open your heart to JESUS. He is near to you now. Open your heart from the inside. Say these words now:

**JESUS, I have opened my heart for you. Come please into my life now. JESUS, I invite you to come into my heart and to remain with me. Lead me during the way of life and teach me the truth and include me in Eternal Live, amen.**

And the peace of God is guarding your mind and senses in JESUS CHRIST your Saviour and LORD.
